

Mrs. Morgan
Tuesday/Thursday
AM 3's

Dear Families,

This month we will learn about the season of winter, and many mathematic principles! December is an exciting month for all our students! We will be practicing special songs every class to prepare for our Christmas Program at the end of the month. We will also continue to build on our Christian Values, December being the value of Joy. We will talk about the true meaning of Christmas, how we can show others our Joy and the Love of Jesus in our lives. We have some fun art activities planned as well as a special Christmas show we will share with the children towards the end of the month! Miss Williams and I want to wish you all a very Merry Christmas and a Happy New Year! I will miss my students very much during our break and can't wait to see them in the New Year!
