## A Note From Mrs. Peters

- We are so excited to have your child here at Faith Preschool. This year is going to be filled with fun, adventure and learning. We plan on spending the first couple of weeks really focusing on rules and getting to know one another. We will help your child learn how routines are done at school and to feel more comfortable, loved, and safe.

## A Peek At What We Are Learning

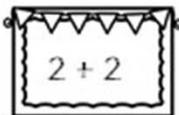

### Reading

We believe reading is very important! We'd like to ask you and your child to read books everyday together! After you have read 20 books, complete the *Blooming With Good Books* sheet and have your child return it to school for a prize.

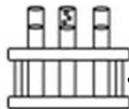

### Writing

Our goal this year is to see your child write his or her first name, by the end of the year. We will start with tracing and then begin to practice writing the letters.

### Math

We will learn how to rote count, count objects, and create patterns. Your child will learn simple math concepts that will set the foundation for further learning.

### Science

We LOVE science here at Faith Preschool! We feel that your child will learn more about science concepts if they are actually participating and taking a hands-on approach.

### Classroom Needs

If anyone would like to make donations to our classroom, we have an apple tree with post-it notes, located in the hallway. The notes have different items our school is in need of. I will also send home some suggestions in my monthly newsletters. Thank you in advance!!

## Bible Verse

"Be Kind and Compassionate to one another.." Ephesians 4:32 .
