

Mrs. Teague & Mrs. Paden May's 2018 Newsletter

MONTHLY FOCUS

Letters – Bb, Qq, and Uu

Number – 8, eight, ocho

Color – Yellow

Main objectives:

- *We will be working on self-control and following directions
- *fine motor activities
- *Large motor activities
- *Using our words

Bible Verse:

**PATIENCE ~ ...be patient, bearing with one another in love.
Ephesians 4:2**

Upcoming events:

Sunday, May 6th 10:30 am

You are invited to attend Faith Presbyterian Church. Our children will sing two songs for everyone. After service, we will have lunch available. Please let us know if you can attend the service & lunch. I will be unable to attend since I am the Children's' Director at FCC during this time, but other teachers will

be attending. We hope you all can come! -- Mrs. Teague

Spring Program-

Thursday, May 24th! Mrs. Britt & Mrs. Teague T/TH PM Class Program-Arrive 11:00 Program begins promptly at 11:30. Please invite family & friends to attend. Each child will receive a certificate at the program.

Field Trip to Wegerzyn Gardens – Wednesday, May 30th 1:30-3:00 pm. You are welcome to bring your lunch. There is a picnic area, and picnic tables, trashcans and a grassy area where kids can play. We recommend bringing a blanket just in case you need to have your picnic on the grass. After our picnic, we can explore the Children's Garden.

Wegerzyn Gardens Fieldtrip
1301 East Siebenthaler Avenue
Dayton, Ohio 45414

Summer Camp-

We are having two weeks of summer camp in July. **July 9, 11, 13 & July 23, 25, 27. Times- 9:15 - 11:45 am.** Please turn in the registration form ASAP to hold your child's spot. If you need another form, let us know! 😊

It's easier than you think to fill your preschooler's summer days with playful learning experiences. In fact, with some basic activities, you'll be providing opportunities for your child to develop, grow, and learn. And the best part is these activities don't cost a fortune or require too much preparation.

1. Pretend Play

Encourage your child to play dress-up and make-believe.

2. Draw

Provide a space and supplies so that your child can draw and write anytime he desires

3. Music

Sing, dance, and play! Music helps children develop math skills. Plus, it's just fun.

4. Active Play

Different from pretend play, active play is all about big movement – running, skipping, hopping,

5. Go Outside

Speaking of moving outside, don't forget the importance of vitamin D. Kids (and adults) need sunshine and fresh air. Letting them outside is one of the best things we can do for our children's well-being.

Special Thanks:

Thank you families for giving us the opportunity to teach your children. We have had a wonderful year together. We have enjoyed them greatly!

Love, Mrs. Shannon Teague,
Ms Madeline Teague &
Mrs. Amy Paden
